REMARKS

The undersigned acknowledges the courteous treatment received during the course of a personal interview held on this date with the Examiner in charge of this application and her supervisor Mr. Christopher Tate.

The undersigned pointed out how the claims as amended distinguish over the applied reference.

The Examiners raised a question about the lack of a full disclosure of the stimulant being used, on the grounds that no particular stimulant is described in the specification. The Examiners suggested that reference to the stimulant in the claims should be canceled.

The Examiners also made some suggestions to amend the claims in such a way as to more clearly distinguish over the applied reference. The suggestions are adopted in this amendment.

The Examiner is requested to call the undersigned or Mr. Kroll if further changes are required to obtain allowance of the application.

A favorable action is solicited.

Respectfully submitted,

/Leonard Belkin/
